   3) Fluid cream consumption in litres.
   4) Total sales of fluid milk - monthly/area.
   5) Sales of Homogenized Milk - monthly/area.
   6) Sales of 2% Milk - monthly/area.
   7) Sales of Skim Milk - monthly/area.
   8) Sales of Chocolate Milk - monthly/area.
   9) Sales of Buttermilk - monthly/area.
   10) Sales of Eggnog - monthly/area.
   11) Sales of Fluid Cream - monthly/area.
   12) Total sales of milk and cream by container size.
   13) Total fluid sales by product.
   14) Fluid and industrial milk purchases.
   15) Class I sales and sales/fluid quota %.
   16) Milk and cream production by sector.
   17) Graduated Entry Plan.
   18) Unused Market Share Quota Exchange.
   19) Used Market Share Quota Exchange.
   20) Milk prices by class, by month.

Authority and Mandate

The Alberta Dairy Control Board is a Crown Corporation, operating under the authority of the Dairy Board Act.

The purpose of the Dairy Board is to control and regulate the sale of milk in Alberta. The Board's responsibilities cross all three sectors of the industry; fluid milk, industrial milk and cream.

Membership of the Board consists of three active dairy producers, one consumer representative and a full time Chairman. The Chairman reports directly to the Minister of Agriculture. The Board has employed ten full time staff to administer dairy policy within Alberta.

The Alberta Dairy Control Board is one of the signatories to the Comprehensive Milk Marketing Plan (the National Plan governing the production of industrial milk in Canada). The Board has accepted the responsibility of administering market share quota, collecting the appropriate levies, and remitting them on behalf of Alberta producers. Mike Dordevic, Chairman, represented Alberta on the Canadian Milk Supply Management Committee, responsible for balancing milk production with domestic and export demand.

Dairy policies are developed with the objective to provide efficient producers and processors of milk and cream an opportunity of obtaining a fair return for their labor and investment. Of equal importance is that of providing consumers of dairy products with a continuous supply of high quality dairy products at reasonable prices.

The Board has a responsibility to establish the producer price for milk used in all classes except class I. Under authority in the Dairy Board Act, the responsibility is given to the Public Utilities Board to establish the price for class I milk.

Introduction

This is the 2nd Annual Report published exclusively by the Alberta Dairy Control Board.

The dairy industry did not experience any particular changes during the 1987-88 year. Sales of fluid milk products increased moderately by 0.07 percent. Cream sales increased 5.25 percent; 2% partly skimmed milk and skim milk sales continued to advance with increases of 0.085 and 14.87 percent respectively, composing of a combined market share totalling 72.97 percent.

The number of producers continued to decline moderately. As of March 31, 1988, there were 1,437 fluid, 54 industrial, and 694 cream producers who were delivering milk or cream. The total of 2,185 compared to 2,378 a year earlier represents an 8.1 percent decline, however, the decrease in milk producer numbers was only 3.4 percent.

Total production under market share amounted to 103.56 percent of the provincial entitlement during the period August 1, 1986 to July 31, 1987. Producers received a refund of over-quota levies paid on deliveries up to 106.7 percent of market share quota. Production to March 31, 1988 indicated Alberta's allotment will be adequately met.

The Board operated a fluid milk equalization pool for Alberta fluid milk producers. The program enabled producers to share in the fluid milk returns, regardless of location or source of sales. The program completed its thirteenth year.

The Graduated Entry Program exchanges daily fluid litres for kg of market share quota. The program permits an industrial milk or cream producer to obtain up to 200 litres of daily fluid quota over a four year period. There were 176 producers who participated. This initiative has provided an opportunity for all milk and cream producers who desired to hold fluid milk quota to do so.

Producer returns for industrial milk increased from 39.68 to 39.98 on October 1, 1987 to 40.56 on February 1, 1988.

Fluid milk producers experienced price changes on class I milk of $0.98/hl, a decrease on June 15, and an increase on September 15, ending at 48.13/hl.

The Board staff maintained compliance with the Dairy Board Act and regulations under the Act. Staff availed themselves to several other Divisions of Alberta Agriculture, Agri-business and other agencies to ensure service to the dairy industry was at the highest possible level.

The Board, in turn, enjoyed the cooperation of processors, dairy producers, Alberta Milk Producers' Association, other industry groups and Alberta Agriculture during the past year.

The Board's policy respecting producer quota transfers remained consistent with that of the previous year.

Discussions respecting restructuring the Alberta industry to correct the producer concerns of inequities and processor concerns over milk allocation and pricing were initiated during the year.

Staff changes during the year were as follows:

Walter Shupenia retired after nearly 16 years service with the Board and was replaced by Robin Laderoute.

Brian Lock resigned to pursue business interests in British Columbia and was replaced by Therese Fitzgerald.

Jo-Anne Dumont resigned and was replaced by Dianne Savage in a part time position.

ALBERTA DAIRY CONTROL BOARD

BOARD MEMBERS

Mike Dordevic (Chairman)	---- Wetaskiwin
Mrs. J. Chorny (Consumer)	---- Calgary
Reid Cameron (Producer)	---- Millet
James Hunter (Producer)	---- Medicine Hat
Albert Kastelic (Producer)	---- Sangudo
L. G. Johnston (Secretary-Manager)	---- Wetaskiwin

BOARD STAFF

B. A. Allen (Inspector)	---- Airdrie
W. Vonk (Inspector)	---- Wetaskiwin
W. Shupenia, (Accountant)	---- Wetaskiwin
T. Fitzgerald (Market Share Clerk)	---- Wetaskiwin
D. Savage (Secretary)	---- Airdrie
Emma Elliott (Secretary)	---- Wetaskiwin
Marj Loov (Secretary)	---- Wetaskiwin
Denice Monaghan (Secretary)	---- Wetaskiwin
Maria Siegl (Secretary)	---- Lethbridge

Operations

A. Fluid Milk

The Dairy Board licenced 1437 fluid milk producers, 25 processors and 118 distributors during 1987-88.

Fluid milk quotas were set, adjusted and transferred during the year. Total daily fluid quota allotted to producers was 953,445 litres.

Utilization of all milk received by processors was reported to the Board. The utilization and production figures were used to determine quota and over-quota prices each month to be paid to producers. Through the fluid milk equalization pool, the Board collected money from some processors and paid to others in a manner that allowed all producers to be paid the same amount per hectolitre of quota and over-quota milk as their fellow dairymen. 1988 was the thirteenth year of operating the equalization pool.

The Dairy Board compensated those producers who participated in the Dairy Cost Study. The cost study results were compared to the fluid milk price as set by the Public Utilities Board to monitor the fluid milk formula. The cost study data demonstrated whether or not producers are earning a reasonable rate of return for their investment and management.

B. National Milk Marketing Plan

The Dairy Board appointed a Market Share Quota Policy Committee. Membership on the committee was from the Alberta Milk Producers' Association, an industrial milk producer assigned to an independent plant, a cream producer, a producer from Northern Alberta Dairy Pool Ltd., and one from Central Alberta Dairy Pool Ltd., two processor representatives (one independent and one co-operative processor), one

non-voting Alberta Agriculture representative, as well as the Chairman of the Dairy Board. This committee made recommendations to the Dairy Board on matters relating to the Milk Market Sharing Plan.

The Board developed dairy policy in consultation with the Quota Committee, the Alberta Milk Producers' Association, Alberta Dairymens' Association, and input from individual producers. The policy respecting market share quota remained consistent with previous policy.

The Board operated a Quota Exchange during the year. This Exchange, one for unused the other for used, allows producers to transfer market share quota to other producers in the province. There was slightly less than 1 percent of the provincial MSQ transferred in this manner. The purpose of the Quota Exchange is to allow producers to balance small differences between production and quota in a manner that prevents loss of quota due to underdeliveries, payment of over-quota levies or major management changes simply to protect quota.

During the fiscal year, approximately 6 percent of the provincial MSQ changed hands via complete herd and quota transfers.

Producers who delivered less than 90 percent of MSQ during the period ending July 31st had their quota adjusted to reflect the ability to deliver. Despite the underdeliveries by a few producers, the provincial allotment was exceeded by 3.37 percent.

The number of industrial producers continued to decline combined with a major reduction in the number of cream producers, would suggest possible shortage of deliveries to MSQ. This shortfall has been more than met by fluid milk producers who continue to deliver well above their fluid quotas.

The milk utilized for industrial purposes in Alberta remains around the 55 percent level with liquid milk and cream representing 45 percent of provincial production.

Retained earnings at end of year	$753,841	$645,117

ALBERTA DAIRY CONTROL BOARD

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 1988

Note 1 Authority

The Alberta Dairy Control Board operates under the authority of the Dairy Board Act, Chapter D-1, Revised Statutes of Alberta 1980, as amended.

Note 2 Changes in Financial Position

A statement of changes in financial position is not provided as disclosure in these financial statements is considered to be adequate.

Note 3 Due from Processors and Producers

Amounts due from processors and producers consist of the following:

	1988	1987
Operating:		
Price equalization	$317,012	$287,378
Fluid milk quota assessments	35,597	29,846
Market share quota assessments	19,221	20,220
Quota exchange	18,327	2,395
Other	1,020	-
	$391,177	$339,839

Note 4 Trust

Under the Comprehensive Milk Marketing Plan, the Board collects levies from processors on behalf of the producers and forwards the levies to the Canadian Dairy Commission. A portion of the levies collected can be refunded to producers under certain conditions. During the year, approximately $23,560,800 (1987 - $22,041,700) of levies were collected under the above Plan.

Note 5 Due to Processors and Producers

Amounts due to processors and producers consist of the following:

	1988	1987
Operating:		
Price equalization	$334,705	$294,872
Quota exchange	480,860	-
	$815,565	$294,872

Note 6 Administration Costs

Accommodation, office furniture, certain office equipment and certain administrative service costs are borne by the General Revenue Fund and are not reflected in these financial statements. In addition, 25% of all other administration costs of $484,649 (1987 - $478,623) are borne by the General Revenue Fund and are also not reflected in these financial statements.

Note 7 Interest on Cash Deposits and Licence Fee Income

Interest from cash deposits in the Consolidated Cash Investment Trust Fund and licence fee income have been credited directly to the General Revenue Fund.

Note 8 Approval of Financial Statements

These financial statements were approved by management.

T A B L E 1
